

Chairman Powell,

I understand that the FCC is considering trumping Indiana Telephone Privacy law that has been in effect for almost a year. Please don't do this. We used to be harrassed by dozens of calls a week from rude and aggressive telemarketers. Now we have peace and quiet to enjoy with our small children.

I understand the ramifications of such a law. In fact, I have spent my entire 15 year career designing and selling telecommunications networks to large companies - including telemarketing firms.

Please leave the Indiana Telephone Privacy Law as is.

Thank you,

Doug Nelson
